CORE configuration

Filippi Quality: more accessible than ever.

CORE delivers the signature feel—refined, reliable, and ready to row. It's our most approachable configuration, and you can be confident its core is pure Filippi.

PERFORMANCE

The configuration that sets a new standard in rowing. Only the most advanced innovations come as standard.

Rigger

Aliante monolithic
the flagship of Performance configuration
revolutionary shape&core
monolithic design

hilt, hilt holder, washer, pin
carbon/forged carbon

Wing monolithic
revolutionary shape&core
monolithic design

aluminium backstay

Seat

standard seat with adj. height

Monolithic seat
revolutionary shape&core
monolithic design
adjustable height, top pad in latex 3D

carbon convex rails
aluminium concave/convex rails

Footstretcher

Monolithic footstretcher
revolutionary shape&core
monolithic design
forged carbon end caps and brackets
carbon gunwail reinforcements if 1x

carbon plate w. foot-rotation regulation

Filippi MAS 20 shoes

Construction and materials

Specific hull layup
to increase stiffness and exploit the
advantages of monolithic components

carbon fabrics
1k, 3k, high-ultra high modulus, unidirectional
fibre, pultruded carbon, HexMC®

Filippi squared carbon fabric
high modulus carbon + standard fiber

Active foam core

nylon, honeycomb, aerospace epoxy resin,
glass fiber, 316 stainless steel bolts

PPG paints 2k polyacrylic UHS
hull&decks: Filippi white - stripes: Filippi blue

Fin and steering

Carbon wing shaped fin
Carbon flat fin available

rotor steering system
minimal and accurate steering control

Boat prices

1x skiff	2x double	4x+ coxed quadruple scull
10475 €	15475 €	24935 €

Included in boat price

Hull materials

carbon fabrics
1k, 3k, high-ultra high modulus, unidirectional fibre, pultruded carbon, HexMC®

honeycomb, aerospace epoxy resin, glass fiber, 316 stainless steel bolts

PPG paints 2k polyacrylic UHS
hull&decks: Filippi white stripes: Filippi blue

Seat and rails

carbon top seat

stainless steel 316L chassis with adj. height

concave wheels

pad in 3 different heights
quickly attach/detach with VELCRO® technology
ideal to quickly change seat height in a shared boat

additional top foam layer
for max comfort

hard anodized aluminium convex rails
better seat sliding
the shape doesn't keep dirt inside the rails

hand knobs between rails and decking
for rails position adjustment
eliminating the hole of the decking to access the inner boat, improving overall insulation

Rigger

Carbon riggers
innovative shape that better exploit athlete's thrust

Perpendicular extension to maximise lateral space and facilitate athlete enter/exit

hilt, hilt holder, washer anodized aluminium
Pin 316 stainless steel

rails with slots to quickly set 3 different work line positions

Concept2 oarlocks with bushers

washers for oarlock height adjustment

removable clips for quick oarlock height adjustment

Fin

Fin 1x, 2x

Removable fin 4x+

In 1x and 2x the fin box is compatible with all US Box fins

Shoes and footstretcher

TPU shoes covering all foot sizes
custom size set by sliding and locking bottom heel section and top section

flexible heel support
follow foot movement during all stroke phases

shape designed for a rapid foot enter/exit
enhancing safety and eliminating the need of a safety system

carbon footstretcher and crossbar
quick positioning adjustment

Accessories

Carbon handle for exit support

Stainless steel bow bitt

Wavebreaker

Bow stem protection
